Since 2003, Vesna Duval and Mitja Baša, spouses and founders of the company, have dedicated their professional lives to equipping children's playgrounds. Their son Patrik also joined the family business years ago. The satisfaction of each customer and the quality execution of each order is a priority to them. Together with their team, they design and produce safe equipment of the highest quality, which offers many activities to the users, and a long lifespan and low maintenance costs to the buyers. Their family business is ranked among the best Slovenian companies.

Seit 2003 widmen Vesna Duval und Mitja Baša, Ehepartner und Gründer des Unternehmens, ihr Berufsleben der Ausstattung von Kinderspielplätzen. Auch ihr Sohn Patrik stieg vor Jahren in das Familienunternehmen ein. Die Zufriedenheit jedes Kunden und die hochwertige Ausführung jedes Auftrags stehen für sie an erster Stelle. Zusammen mit ihrem Team entwerfen und produzieren sie sichere Geräte von höchster Qualität, die den Benutzern ein breites Spektrum an Aktivitäten und den Käufern eine lange Lebensdauer und geringe Wartungskosten bieten. Ihr Familienunternehmen zählt zu den besten slowenischen Unternehmen.

Od leta 2003 Vesna Duval in Mitja Baša, zakonca in ustanovitelja podjetja, svoje poklicno življenje posvečata opremljanju otroških igrišč. Družinskemu podjetju se je pred leti pridružil tudi sin Patrik. Zadovoljstvo vsake stranke in kakovostna izvedba vsakega naročila jim je na prvem mestu. Skupaj s svojo ekipo načrtujejo in proizvajajo varno opremo najvišje kakovosti, ki uporabnikom ponuja številne aktivnosti, kupcem pa dolgo življenjsko dobo in nizke stroške vzdrževanja. Njihovo družinsko podjetje je uvrščeno med najboljša slovenska podjetja.

Depuis 2003, Vesna Duval et Mitja Baša, époux et fondateurs de l'entreprise, consacrent leur vie professionnelle à la conception des terrains de jeu pour enfants. Leur fils Patrik a également rejoint l'entreprise familiale il y a quelques années. La satisfaction de chaque client et la qualité d'exécution de chaque commande sont leurs principales priorités. Avec leur équipe, ils conçoivent et produisent des équipements sûrs de la plus haute qualité, offrants de nombreuses activités aux utilisateurs et une longue durée de vie de produit avec des faibles coûts d'entretien aux acheteurs. Leur entreprise familiale est d'ailleurs classée parmi les meilleures entreprises slovènes.

Our models are unique, original and different, as they are the fruit of our in-house development. They offer a lot of movement and fun activities. We design and manufacture them in accordance with the requirements of the safety standard EN 1176 for children's playgrounds and EN 16630 for workout equipment. For architects, we prepared 2D floor plans with a safety zone in .dwg format and 3D models in .obj or .dwg formats. We use only the best materials to produce our models. We offer two combinations: stainless steel posts with robinia wood boards, or three-lams laminated pine posts from Austria with beautiful brown pine boards from Finland, both pressure impregnated and of the highest quality.

Unsere Modelle sind einzigartig, originell und anders als alle anderen, da sie die Frucht unserer eigenen Entwicklung sind. Sie bieten viel Bewegung und Spaß bei den Aktivitäten. Wir entwerfen und produzieren sie gemäß den Anforderungen der Sicherheitsnorm EN 1176 für Kinderspielplätze und EN 16630 für Fitnessgeräte. Für Architekten erstellten wir 2D-Grundrisse mit Sicherheitszone im DWG-Format und 3D-Modelle im OBJ- oder DWG-Format. Für die Herstellung unserer Modelle verwenden wir nur die besten Materialien. Wir bieten zwei Kombinationen an: Edelstahlpfosten mit Robinienholzbrettern oder Brettschichtholz (BSH) aus Kiefer mit drei Lamellen aus Österreich mit Brettern aus wunderschöner finnischer Braunkiefer, beide kesseldruckimprägniert und von höchster Qualität.

Naši modeli so edinstveni, izvirni in drugačni, saj so plod našega lastnega razvoja. Ponujajo veliko gibanja in zabavnih aktivnosti. Načrtujemo in izdelujemo jih v skladu z zahtevami varnostnega standarda EN 1176 za otroška igrišča in EN 16630 za vadbeno opremo. Za arhitekte smo pripravili 2D tlorise z varnostno cono v formatu .dwg in 3D modele v formatu .obj ali .dwg. Za izdelavo naših modelov uporabljamo le najboljše materiale. Nudimo dve kombinaciji: na stebre iz nerjaveče kovine so nameščene deske iz robinijevega lesa ali na stebre iz lepljenega bora iz treh lamel iz Avstrije so nameščene deske čudovitega rjavega bora iz Finske, oboje globinsko impregnirano in vrhunske kakovosti. Samo za slovenski trg ponujamo tudi igrala v celoti izdelana iz lesa robinije.

Nos modèles sont uniques, originaux et variés, comme ils sont le fruit de notre développement interne. Ils proposent une multitude de mouvements divers et d'activités divertissantes. Nous les concevons et les fabriquons conformément aux exigences de la norme de sécurité EN 1176 pour les terrains de jeu pour enfants et EN 16630 pour les équipements de musculation. Nous proposons deux combinaisons : des poteaux en acier inoxydable avec des planches en bois de robinier, ou des poteaux en pin lamellé-collé à trois lames d'Autriche avec de belles planches en pin brun de Finlande, tous deux imprégnés sous pression et de la plus haute qualité.

I nostri modelli sono unici, originali e diversi, perché sono sviluppati nella nostra azienda. Offrono molto movimento e attività divertenti. Li progettiamo e li produciamo secondo i requisiti della norma di sicurezza EN 1176 per i parchi giochi per bambini ed EN 16630 per le attrezzature d'allenamento. Per gli architetti abbiamo preparato planimetrie 2D con zona di sicurezza in formato .dwg e modelli 3D in formato .obj o .dwg. Per produrre i nostri modelli utilizziamo solo i materiali migliori. Offriamo due combinazioni: pali in acciaio inox con tavole in robinia, oppure pali in pino austriaco a tre lame con bellissime tavole in pino marrone provenienti dalla Finlandia, entrambi impregnati a pressione e della massima qualità.

Nuestros modelos son únicos, originales y diferentes, ya que son fruto de nuestro desarrollo. Ofrecen mucho movimiento y actividades divertidas. Los diseñamos y fabricamos de acuerdo con los requisitos de la norma de seguridad EN 1176 para parques infantiles y EN 16630 para equipos de entrenamiento. Para los arquitectos, preparamos planos de planta 2D con zona de seguridad en formato .dwg y modelos 3D en formato .obj o .dwg. Para producir nuestros modelos utilizamos los mejores materiales. Ofrecemos dos combinaciones: postes de acero inoxidable con tableros de madera de robinia, o postes de pino laminado de tres lamas de Austria con estupendos tableros de pino marrón de Finlandia, ambos impregnados a presión y de la más alta calidad.
